----------------	------------------	-------------------

GENERAL INFORMATION – NREMT-P CONTINUING EDUCATION COURSE

Renewing your NREMT-P certification requires 48 hours of refresher training, in addition to continuing education and skills requirements (see below). Many paramedics renewing their NREMT-P certification find a continuing education course meeting the topical requirements to be the most convenient way of fulfilling the 48 hours refresher training requirement. **Loma Linda University's 32-hour NREMT Continuing Education Course** is designed to meet the full 48-hour Refresher Course requirement when combined with a full 16-hour ACLS provider course, or when combined with an 8-hour ACLS renewal course and our **Optional 8-hour Cardiac Topics Day**.

Please note that skills testing and sign-off is *not* part of this NREMT Continuing Education Course; you should contact your agency medical director or training officer for this requirement.

RENEWING YOUR NREMT-P

To renew your NREMT-P the following requirements must be met:

1. Be actively working within an EMS service, rescue service, or patient care facility using ALS skills
2. Complete a 48-hour Refresher Course
3. Obtain CPR Certification current to your March expiration date
4. Obtain ACLS current to your March NREMT-P expiration date
5. Complete 24 hours of *additional* EMS continuing education
6. Maintain skills as verified by your physician medical director and ACLS current to your March expiration date

* For NREMT-P cards expiring March 31, 2014, all documentation must be submitted to the National Registry and postmarked no later than March 31, 2014. All continuing education used towards a renewal must be completed during the two-year registration cycle.

More information on National Registry re-registration requirements, procedures, and forms is available at www.nremt.org
